2024 BASF Pest Control Pallet and Half Pallet Program

Pest Management Professionals: Capture significant savings when you purchase Selontra Rodent Bait by the pallet or half pallet!

With its fast colony kill and impressive labor savings, Selontra Rodent Bait delivers real advantages for your business:

- Control entire infestations in as few as seven days¹
- Shortened baiting program uses less bait than conventional rodenticides
- Stop-feed action of the active ingredient, cholecalciferol, means rodents eat only enough for a lethal dose
- Effective against anticoagulant-resistant rodents
- Cholecalciferol has a low risk for secondary poisoning to birds and mammals²
