Looking to grow your Perimeter Pest Control Business? Consider Fendona CS insecticide, a perimeter pest control product designed specifically for PMPs.

Fendona's advanced micro-encapsulation protects the active ingredient, alpha-cypermethrin, from environmental degradation, resulting in enhanced residual control.

Other product benefits include:

- **Fast-acting and long-lasting:** Fendona CS insecticide's new formulation and unique encapsulation technology kills insects fast and is highly effective for months against labeled pests.
- **Sustainable and efficient:** The product decreases labor costs with the option to extend application intervals for both mosquitoes and perimeter pests, helping reduce callbacks and enhance profitability.
- **Flexible and effective:** Fendona CS insecticide is labeled for more than 60 arthropod pests and with a broad range of surface and use sites, including lawn and ornamental pests.

Learn more about Fendona CS and find additional mosquito resources at [this link](#).

TECH TIP
